

STATE OF WASHINGTON
Puget Sound Partnership
Sole Source Posting

The Puget Sound Partnership (PSP), a Washington State Agency, contemplates awarding one sole-source contract to Naughton Communications to provide technical writing and editing services for the 2013 State of the Sound report. PSP is charged with overseeing the restoration of the environmental health of Puget Sound by 2020. To document the status of the Puget Sound ecosystem, the Partnership is required to produce the State of the Sound report every two years. The complete required content of the report is listed in RCW 90.71.370. Expected content includes the Partnership's Ecosystem Indicators and Targets, progress of Puget Sound Action Agenda implementation, Action Agenda consistency, funding, and several other tasks.

The contract will be issued on or about August 1, 2013 for 12 months. PSP reserves the right to amend this contract for two one-year periods, dependent upon available funding. The dollar value is estimated at \$11,500.

Interested parties contemplating the above requirements are required to submit capability statements detailing their ability to meet the State's requirements by **3:00 PM on Thursday, July 11, 2013**. In the absence of other qualified sources, it is the State's intent to make a sole-source award of the contract.
